Information on the brand transition and change of legal entity name

We would like to inform you that on 17 October 2022 our legal entity name has changed from MEDCERT Zertifizierungs- und Prüfungsgesellschaft für die Medizin GmbH to DNV MEDCERT GmbH. The name change is part of the transition to the DNV brand following the recent acquisition of MEDCERT by the DNV Group. In the near future, you should see the change reflected in Nando.

Our notification, accreditation and legal entity numbers remain the same and no further action is required on your side. Also, the existing MEDCERT certificates remain valid and DNV MEDCERT continues to be responsible for them.

The transition to the DNV brand will include the use of the DNV logo on all new certificates that we issue from the date of the legal entity name change, as well as gradual updates to other documents and forms. Further, there will be a gradual transition to the dnv.com internet domain. We will make use of a redirect from existing web and email domains to ensure that we will always be able to communicate with our customers.

We are convinced that these changes will have no impact on your usual communication or existing ways of working with MEDCERT. Again, there is no action needed on your side, and the validity of your MEDCERT certificates remains unaffected.

With this letter you can demonstrate the continuity of your existing MEDCERT agreements, conformity assessment procedures and certifications. **Therefore, we advise that a copy of this letter is retained together with your existing MEDCERT conformity assessment documents and certificates.** You can also find this letter on our homepage under "About us" section (www.med-cert.com/about-us/).

We look forward to continuing our good cooperation with you. Please do not hesitate to contact us with any questions you may have.

Sincerely

for DNV MEDCERT GmbH

Klaus-Dieter Ziel
Managing Director
